

# Knock 'Em Dead, Kid

Mötley Crüe

In the heat of the night  
You went and blackened my eyes  
Well now I'm back  
I'm back  
I'm back  
And I'm coming your way  
Well now I'm supercharged  
Might just explode in your face  
I'm black  
I'm black  
I'm black  
And I'm primed for hate

Knock 'em dead kid  
(Knock 'em dead)  
Knock 'em dead kid  
(Knock 'em dead)  
The blade is red kid  
(Knock 'em dead)  
Knock 'em dead kid  
Knock 'em dead

A star-spangled fight  
Heard a steel-belted scream  
Now I'm black, I'm black, I'm black  
Another sidewalk's bloody dream  
I heard the sirens whine  
My blood turned to freeze  
You'll see the red in my eyes  
As you take my disease

Knock 'em Knock 'em Knock 'em  
Dead... (scream)  
Knock 'em dead kid
