

Toast of the Town

Mötley Crüe

Hey hey hey
Hey kid, the whole house is shakin'
We got the time, right in our sights
Hey hey hey
Hey kid, the worlds gone crazy, but you know
It won't last too long
You know it won't last too long
You know it won't last too long
You know it won't last too long

Hey kid, you're the toast of the town
Well hey kid, you're the toast of the town

Hey hey hey
Hey kid, what's it gonna get ya'
Screaming through the hours of the night

Hey hey hey,
Hey kid, the worlds gone crazy
But you know it won't last too long
You know it won't last too long
You know it won't last too long
You know it won't last too long Hey kid, you're the toast of the town
Well hey kid, you're the toast of the town

You heard me sayin', baby don't be a fool
I got news for you
Well pack your things baby, don't be a fool
Before it crashes down on you

Down on you
Down on you
Down on you

Come on

Well hey kid, you're the toast of the town
Well hey kid, you're the toast of the town
Well hey kid, you're the toast of the town
Well hey kid, you're the toast of the town
Well hey kid
