

Now You're Taken

Mogwai

Did you see him when I was away?
I would have phoned but you'd spoil the trip.
Will he be in the pub tonight?
I'll hate marriage and take a sip.

Will he be yours as of today?
Will I never see you know if you're taken?
Are you still the wearing that ring?
When she told me I was a little shaken.

Like a bird without the bed,
her sister says that we'll get wed.
And I should tell you I adore you
but I'm sure it would just bore you.
