

In Your Bed

Mohombi

Who's in your bed
in your bed
mohombi, mohombi, mohombi x2

Bad baby, bad lady
Everybody knows and
Trop that booty like it's
Raining on the floor
Baby wine on that sweat
Make the wet from head to toe
But you know you know
Who's gonna take you home
That body so hot that I
Have to let it go
You're free like a bird but
Your wings out on the floor
Grab somebody shawty
Shawty anythings is yours
But who but who but who
But who who who who

Who's in your bed
in your bed
mohombi, mohombi, mohombi x4

Move baby, move lady
Light it up and fly
It's a dirty situation keep
Flirtin with the night
And the beat's so
Seductive now take me on a ride
I know I know who's
Gonna take you home
That body so hot that I
Have to let it go
You're free like a bird but
Your wings out on the floor
Grab somebody shawty
Shawty anythings is yours
But who but who but who
But who who who who

Who's in your bed
in your bed
mohombi, mohombi, mohombi x4
