

# Just Like That

Mohombi

Remember when I met her,  
Just like that  
We became lovers  
Just like that  
We meant to be forever  
Just like that  
I woke up without you  
Nights became harder  
Just like that  
Days became longer  
Just like that  
If I could time travel  
Just like that  
I wake up beside you again

Do you still think about me  
Like I do?  
Whenever you with somebody  
Cuz I do  
So everything we use to but it's really, really not as good  
As good as what I have with you  
So can we go back to the days when we were crazy  
Crazy in love

Remember when I met her,  
Just like that  
We became lovers  
Just like that  
We meant to be forever  
Just like that  
I woke up without you  
Life became harder  
Just like that  
Nights became longer  
Just like that  
If I could time travel  
Just like that  
I wake up beside you again

Everywhere I go she looks just like you  
Even on the way she moves  
Just like you  
Baby when I close y eyes  
All I see is you and I  
I really wanna turn back time

So can we go back to the days when we were crazy  
Crazy in love

Remember when I met her,  
Just like that  
We became lovers  
Just like that  
We meant to be forever  
Just like that  
I woke up without you

Life because harder  
Just like that  
Nights became longer  
Just like that  
If I could time travel  
Just like that  
I wake up beside you again

Missing you got me completely insane  
Ain't no women that can love me the same  
I like you to stay  
Don't know body else can't take the pain away  
No I, I I don't wanna know  
What life is all alone I don't wanna wake up again  
If you not next to me

So can we go back to the days when we were crazy  
Crazy in love

Remember when I met her,  
Just like that  
We became lovers  
Just like that  
We meant to be forever  
Just like that  
I woke up without you  
Life because harder  
Just like that  
Nights became longer  
Just like that  
If I could time travel  
Just like that  
I wake up beside you again  
Just like that  
Just like that  
Just like that  
I wake up beside you again
