Just when I thought that's in it all
She stept to the floor
Pushin' me up against the wall
She stand to control

Give me what u got in store
Girl I'm bagging for more
Whine me until I overdose
Oh we know how to party, so pointy, so whine (oh)
Every move we do will get u, closer to be mi-i-ine

I been waitin so long (oh)
You be teasin me baby
By the end of this song (oh)
Girl u better be ready

We gon' rock the roads
Yeah we gonna get to it
Then we rock it some more, some more

Woman I wanna explore
Whine me until I overdose
Oh we know how to party, so pointy, so whine (oh)

Sweet ma love, about six feets high
Best one to her uh that's right
I'm a love-e-lover and I love my life
So watch me now it's my time to shine
Afrobychin - a brandnew style
Your number one is where I receive
I'm a love-e-lover and I love my life

You be teasin me baby
By the end of this song (oh)
