

The Sound

Mohombi

Theres not a word thats been unspoken
Its like theres nothing left to say
We used to be whole but were now were incomplete
Theres not a song that can explain

But this is the sound
This is the sound
This is the sound of my feelings
Im playing it loud, Im not gonna shout
Cause you say my words have no meaning

Would you hear me out, would you turn around
Before you walk out and leave me?
This is the sound
This is the sound of my feelings

One day the storm is gonna be over
That suns gonna bring us back to life
Thats when you know that we are meant to be
And you never have to read my mind

But this is the sound
This is the sound
This is the sound of my feelings
Im playing it loud, Im not gonna shout
Cause you say my words have no meaning

Would you hear me out, would you turn around
Before you walk out and leave me?
This is the sound
This is the sound of my feelings
