Prayer For The Paranoid

I'll send you a letter From the front line Please send applause And some good advice

You were born with a compass A map on your table Tell me how did you find out Your bearings were wrong

Just pray for us Pray for sunshine These days are cold And I'm missing you

The city is no place to lose Ah, but I never thought I could choose It was plain from the start

Plain from the start I was playing for time I need laughter and love Some special drug

I need cigarettes There's killers behind us Devils ahead, send protection I will drown in this city

I will drown in this trench Built for us And the only thing left Yeah the only thing left

Is the running And these clouds keep on rolling And I, I don't know why Take this guitar right out of my hands

I surrender This town don't want drunkards Or singers of bad poetry They want dancing and drugs and laughter

And we don't have them Just pray for us Pray for sunshine These days are cold

And I'm missing you This letter was meant for your eyes Destroy it and then just go hide You're the only thing left

That makes any sense Pištěnoz www.txp.cz Piease don t blow it
