

She's All Up Above

Mojave 3

She says she wears red
?Cause it's good for her head
She's all up above
Bird you can't touch

She wants to be a flower
In the city, yeah
In the city, yeah

She sat with her hand
She can't juggle, she can't catch
For eyes are still blue
Doesn't mean she still loves you

She's all up above
A bird you can't touch
She's all up above
Bird you can't touch

Bird you can't touch
Bird you can't touch
Bird you can't touch
