

## Lament

Moke

As I look out into your eyes  
I see things that love divides

A whisper brought on angels wings  
Can only lead my heart to sing

You said I don't want to try  
But I saw that look in your eye

This song I sing for love  
I'll sing for love, till my heart stops bleeding on

The pain I felt was hard to bear  
The strangest scent has filled my air

Always in doubt and disbelief  
I'll dig, dig for what lies beneath

You said I don't wanna try  
But I saw that look in your eye

For this song I sing for love  
I'll sing for love, I'll sing till my heart stops  
bleeding on  
And for all it takes, I won't break  
For I know I must stay strong
