

The Long & Dangerous Sea

Moke

well i've tried
to shake out this bl**dy nightmare
to reach out and be free
if hope can come in strange disguises
then still there's hope for me

and we move
through different shades of mourning
this blackens me like coal

i'm as poor as i remember
no wealth surrounding me
for there are no survivors
on the long and dangerous sea

thy kingdom come
thy will be done

it's just a killing
it's just a killing
it's just a killing
it's just a killing me

i'm as poor as i remember
no wealth surrounding me
for there are no survivors
on the long and dangerous sea

it's just a matter of time
i'm taking a chance
watching the world spin through my eyes
