# The Long Way

**Moke**

Don't go home the wrong way
Cause the wrong way will bring you down
When you go home, go the long way
Cause the long way, is safe, so safe and sound
That's what I've found

Don't run home the wrong way
Cause the wrong way will bring you down
When you run home, run the long way
Yeah the long way, is safe, so safe and sound
That's what I've found

Don't drive home the wrong way
Cause the wrong way will bring you down
When you drive home, drive the long way
Cause the long way, is safe, so safe and sound
That's what I've found
