

## We'll Dance

Moke

What do you want  
Look me straight in the eye  
The truth or a lie?  
Everything I ever gave I stole for you  
Cause I done the crime and everytime  
Never spat on your name.  
Is this the way it's supposed to be?

Look in my eyes, hear the words from my mouth  
Calling, calling  
Dry those tears from your barren years,  
Were shaking, shaking off our fears.

And we'll dance in the streetlight tonight  
And we'll sing and make everything alright.

Been out of time  
Walked every line  
Always turning my heels  
I've seen sorrow and I really know how it feels

Look in my eyes, hear the words from my mouth  
Calling, calling  
Dry those tears from your barren years,  
Were shaking, shaking off our fears.

And we'll dance in the streetlight tonight  
And we'll sing and make everything alright.  
Tonight, tonight  
Lets meet the new day burning bright  
See the colours in the changing light  
Oh tonight...

See the morning, she's dawning, it's a heaven to hold  
And you make it, you make it shine.

And we'll dance in the streetlight tonight...

Tonight, tonight...  
Tonight's gonna be alright  
There's a new day burning bright  
We'll watch the colours in the changing light
