

Sunshine

Molella

Hold my hands, take me close
Now I'm bringing you a rose
Stay with me, fill my life
Take me to paradise
Life's a game I played my hole
I never did what I was told
Touch me now, don't fight with me
And take the rain away

The summer of my life
The sun is shining bright
My love will be forever
You are my sunshine
The summer of my life
The sun is shining bright
And you will be forever with me
