Aha aha aha aha aha  
Ohhhh all the boyfriend beware  
Ehi baby what's up? What you doin' tonight?  
Oh yeah I'm going down to the Whistle's Party

The man, leave your boyfriend home  
and why don't you come with me  
because It's the place that's gonna make you feel good  
I don't wanna in not  
but if you wanna come you just call me, ok?  
Ciao baby

In the beginning  
in this time to movin to the left and dancing to the  
right  
we shake our bodies at the discotek  
but now is the time to just feel good

Welcome to the place that feels good  
Welcome to the place that feels good  
Welcome to the place that feels good  
Welcome to the place that feels good

Walking down the street I'm thinking about you  
I'm thinking all the times the times we're together  
if you wanna come with me blow your whistle to the beat  
here I am all alone waiting for you to phone

Blow your whistle  
let me blow your whistle the whistle  
let me blow your whistle the whistle the whistle  
let me blow your whistle the whistle  
let me blow your whistle the whistle  
blow your whistle

Welcome to the place that feels good  
Welcome to the place that feels good  
Welcome to the place that feels good

I'm walking down the street I'm thinking about you  
I'm thinking all the times the times we're together  
if you wanna come with me blow your whistle to the beat
