

Whistle's Party

Molella

Aha aha aha aha aha
Ohhhh all the boyfriend beware
Ehi baby what's up? What you doin' tonight?
Oh yeah I'm going down to the Whistle's Party

The man, leave your boyfriend home
and why don't you come with me
because It's the place that's gonna make you feel good
I don't wanna in not
but if you wanna come you just call me, ok?
Ciao baby

In the beginning
in this time to movin to the left and dancing to the
right
we shake our bodies at the discotek
but now is the time to just feel good

Welcome to the place that feels good
Welcome to the place that feels good
Welcome to the place that feels good
Welcome to the place that feels good

Walking down the street I'm thinking about you
I'm thinking all the times the times we're together
if you wanna come with me blow your whistle to the beat
here I am all alone waiting for you to phone

Blow your whistle
let me blow your whistle the whistle
let me blow your whistle the whistle the whistle
let me blow your whistle the whistle
let me blow your whistle the whistle
blow your whistle

Welcome to the place that feels good
Welcome to the place that feels good
Welcome to the place that feels good
Welcome to the place that feels good

I'm walking down the street I'm thinking about you
I'm thinking all the times the times we're together
if you wanna come with me blow your whistle to the beat
here I am all alone waiting for you to phone

Blow your whistle
let me blow your whistle the whistle
let me blow your whistle the whistle the whistle
let me blow your whistle the whistle
let me blow your whistle the whistle
blow your whistle

Blow your whistle
let me blow your whistle the whistle
let me blow your whistle the whistle the whistle
let me blow your whistle the whistle
let me blow your whistle the whistle

blow your whistle
