

Angel In Dixie

Molly Hatchet

I saw an Angel in Dixie
In Heaven the other night
No my way to New Orleans
Can't get her off my mind
There's many miles of highway
Between me and the county line
Thinkin' about my Angel of Dixie
Tell me where is she tonight...

She was gone out of sight...
But she's on my mind...
Well, I've searched the world over
She might be the one to share my life
Or honey just help me thru the night
We rolled into Texas
I was feelin' mighty good
When I saw this Angel
Lookin' like she surely could
Standin' there with long blond hair
And the blue sky in her eyes
I can't remember the last time I forgot somethin'
I forgot my own name that night

She was gone out of sight...
But she's on my mind...
Well, I've searched the world high and low
And Darlin' I've got to say
Still think about you every day
Man we had a big ole time
Everything was right
Search the crowd still missin'
Lord my angel of the night
I turned to go and there she was
I daid Darlin' you made my day
She smiled and brought me to my knees
Said thanks and walked away...

She was gone out of sight...
But she's on my mind...
Well, I've searched the world over
She might be the one to share my life
Or honey just help me thru the night...
Cause I have waited all my life
Yea I have waited all my life
For my Angel in Dixie
