

# Bloody Reunion

Molly Hatchet

Out streetwalking on a Saturday night  
Looking for the man  
Staying out of sight  
Trying to find something  
To ease my mind  
Traffic lights a-blinkin'  
And I'm right on time  
Come around a corner  
On 4th and Main  
Joint was a -jumpin'  
People going insane  
Jukebox a-flappin'  
On through the night  
I think all the boys  
Are starting up a bloody reunion.

A bloody reunion  
Well, it's a bloody reunion  
Tearing up the town  
Smoking on a Saturday night  
Well, it's a bloody reunion  
What a bloody reunion  
All hell's a-poppin  
Rockin' 'till the morning light.

Here comes Mary  
In a long red dress  
Looking hot 'n' sasy  
Just like all the rest  
Leaning on a lamp post  
And she's dressed to kill  
Lord she wants to make it  
And I think I will  
Coming on strong  
And giving me the eye  
Ain't no way  
I'm gonna pass it by  
Tonight we're gonna do it  
Gonna get it right  
Me and Miss Mary  
Gonna start another  
Bloody reunion.

A bloody reunion  
Well, it's a bloody reunion  
Tearing up the town  
Smoking on a Saturday night  
Well, it's a bloody reunion  
What a bloody reunion  
All hell's a-poppin  
Rockin' 'till the morning light.

A bloody reunion  
Well, it's a bloody reunion  
Tearing up the town  
Smoking on a Saturday night  
Well, it's a bloody reunion

What a bloody reunion  
All hell's a-poppin  
Rockin' 'till the morning light.

Lord what a party  
Everybody feelin' right  
Drinking and a-smoking  
Everybody's high as a kite.
