

## Eat Your Heart Out

Molly Hatchet

Baby, eat your heart out  
Listen honey - I don't want you no more  
Baby, eat your heart out  
Ain't bein' funny just want you out my door

I hear the talk all over town  
Says to me you're foolin' around  
Come on sugar don't ya lie to me  
I don't like the things I see  
You wanted all the money  
You loved that Cadillac  
You can't be for real, now honey  
Now you wanna come back

Baby, eat your heart out  
Listen honey - I don't want you no more  
Baby, eat your heart out  
I don't mean maybe, I just want you to know the score

Now I got you on your knees  
Just beggin for mercy if you please  
Get on out on out that door  
I can't stand your pain no more

No more.....

You know you had your chance  
To make it right with me  
But it takes a special Lady  
To ride this road with me

Baby, eat your heart out  
Listen honey - I don't want you no more  
Baby, eat your heart out  
Don't mean maybe, just want you out my door

Baby, eat your heart out  
Listen sugar baby I'm talkin to you  
Baby, eat your heart out  
Get on, get up, get on, get out of my life
