

# Straight Shooter

Molly Hatchet

Oh baby  
I got to tell you something  
Your lies and your alibies been driving me crazy

Oh shoot it  
Rock and roll thats my game  
Fast cars, pretty women, fortune and fame  
Who when it comes to live music and you playin' no games  
Shows how to play the game  
To prove a popint  
Don't hesitate  
Call you like you see it  
Shoot straight

The only thing I want from you  
To be a straight shooter too  
I've never said I was better than you  
I'm a straight shooter, straight shooter  
No doubt about it you can be one too  
Be a straight shooter, oh yea.  
I've never said I was better that you  
I'm a straight shooter, straight shooter  
Come on babe, be one too  
Be a straight shooter  
You'll never be one too  
Keep it movin', make it hot  
Out on the road  
You sit on the rock  
Even when we are playing we don't get to stop  
You'll never come to far

Don't ask no questions  
Don't tell no lies  
Sick and tired of hearing your alibies  
It matters to me does it matter to you?  
To be a straight shooter too

I've never said I was better than you  
But I'm a straight shooter, straight shooter  
No doubt about it you can be one too  
Yea baby  
You got to be one  
Straight shooter

Keep it movin', make it hot  
Out on the road  
You sit on the rock  
Even when we are playing we don't get to stop  
You'll never come to far

Don't ask no questions  
Don't tell no lies  
Sick and tired of hearing your alibies

It matters to me does it matter to you?  
To be a straight shooter  
Straight shooter

Striaght shooter too

Straight shooter
