

# Phoenix

Molly Sandén

White noise in my head  
Burning ashes on the floor  
Trouble in the air  
I didn't sign up for this war

Let the fire in  
All my demons from before  
Cause I'm not afraid  
I'm ready to explode

Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix

Gotta die to come alive

I'm, falling just to rise  
Crawling just to fly  
Gotta die to stay alive

I  
I'm hurting just to burn  
Burning to ignite  
Gotta die to stay alive

Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix

Gotta die to stay alive

Hit me one more time  
One two three just give me more  
Cause with every strike  
I'll be stronger than before

I used to fear the night  
I used to close my eyes  
But now I need the dark so I can see the stars shine

□I  
I'm falling just to rise  
Crawling just to fly  
Gotta die to stay alive

I  
I'm hurting just to burn  
Burning to ignite  
Gotta die to stay alive

Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix

Gotta die to stay alive

So watch me burn

Go feed my flame  
Cause It's my turn  
To raise again

So watch me burn (Gasoline gasoline on the fire)  
Go feed my flame (Gasoline gasoline on the fire)  
Cause It's my turn (Gasoline gasoline on the fire)  
To fly again, again, again, again

White noise in my head  
Burning ashes on the floor

I  
Cause I'm falling just to rise  
Crawling just to fly  
Gotta die to stay alive

I  
I'm hurting just to burn  
Burning to ignite  
Gotta die to stay alive

Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix  
Like a phoenix, Like a phoenix
