

# Only The Dead

## Molotov Solution

I don't care if you think I should live my life my life by your  
rules and standards  
You have no real faith and I have no faith in you  
I have no faith in your corruption  
I have no faith in your corruption  
Fuck what you say there is no one way to live your life, no one  
path to follow  
You have no real faith and I have no faith in you  
You will not close my, my open eyes, your god will not control  
me I won't believe your lies  
Ignorance...hardens the heart and enslaves the mind  
Ignorance...hardens the heart and enslaves the mind  
Only the dead will see the end of this fucking war  
Only the dead will see the end of this fucking war  
I have no faith in your corruption  
I have no faith in your corruption  
You've attempted to eradicate, any challenge to your authority,  
By the most violent means, for blind faith can only lead to sla  
very  
Let your throats be ripped out your eyes sewn shut  
I don't need your psalms of hope, I'll try my luck  
Only the dead will see the end of this fucking war  
Only the dead will see the end of this fucking war  
I don't give a fuck about you or how you think I should live my  
life
