

Again N'Again

Molotov

Se me olvida el año exacto
Yo se que fue mayo y hace un rato
Y ese dia nace una leyenda
Fue cuando me trajo una pinche Cigüeña
Guacala nací de una pucha'
Una mama da consuelo
Y uno escucha
No caigan solo chamaqueo
Nunca crece pelo en la mano por el chaqueteo
Dicen sin estudiar no tendras empleo
Y la música no deja siendo pa taquero
La belleza es por dentro aja, si ahuevo
El amor es ciego por que eres tan pinche feo
Denme un kilo de tu ayuda al compañero
Por que no llega un cambio
Solo cambia el ratero
Y te miente el mundo entero
Ha! y ella era virgen y fuiste el primero

Mienten again n' again
Nos mienten again n' again!
Mienten again n' again
Nos mienten over and over again and again! (2x)

One lies in the cars on the LIE
Why do they constantly lie to me?
They say that the truth will set you free
Every day, all the truth is kept from me
See the news reporter on news TV
Only fools will believe all the news they see
Poetically they bullshit mean
So poetically I willing see
I had a call to the land called Mexico
To get bamboo, let me know!
Forget everything that you're thinking of
We're exposing every lie that ever was
I despise all the lies that they tell to us
They try to shut us down, but I won't shut up!

Mienten again n' again
Nos mienten again n' again!
Mienten again n' again
Nos mienten over and over again and again! (2x)

Don't look me in the eyeball
We're the bone face lie
It's been too many, they have already tried
And they give away ears when the nose is grown
Maybe like Pinocchio, or even Johnny
From the womb to the tomb, you hear a constant shit
It might be from your grandma or the government
Back stabbing happen in between those you're tightest with
Broking promises and you're dying with.

Mienten again n' again
Nos mienten again n' again!
Mienten again n' again

Nos mienten over and over again and again! (2x)
