

## Use It or Lose It

**Molotov**

Come hear the rush coming out of your speakers  
Feel the power of the Molotov clicca  
You don't speak unless your spoken to  
Be careful what you say when you do

'Cause you might find yourself en la calle  
Tú ya sabes que me vale  
I'm gonna sit back with a cold caguama  
While my crew is out there bombing ya.

There's a lesson, boy that I'm gonna teach ya  
You mess with the bull you gonna get the salchicha  
Cause you know que sentiste pasos  
If you think you can fake it boy you're an asshole

If you could take me out what's stopping ya?  
I'll pull out my gang cold pop ya  
I'm giving you a chance so don't abuse it  
If you got the skill use it or lose it

If you're gonna grab a mic, learn to use it  
If you represent a crew, show and prove, show and prove it  
If you got a big ride, learn to cruise, learn to cruise it  
If you wanna test this, learn to lose it

Out of the cut viene el Gringo Tiro Loco  
I'm here to get all the people prendido  
So watcha wanna do Rap is not afraid of you  
And neither homie is the Molotov crew.

So in the cantina while I'm drinking my brew  
'Cause I'm gonna bruise ya, crack ya, end up on your back  
If your girl steps in, won't hesitate to snack her  
So if can't take a dump get off the Commode

And if you don't come correct Jack hit the road  
'Cause like a 57' chevy I'm gonna cruise ya  
You step in my way I'm gonna have to bruise ya  
Break ya, partirte la madre

Face down lying in the motha fuckin' calle  
I'm giving you chance so don't abuse it  
So If you got the skill use it or Lose it

If you're gonna grab a mic, learn to use it  
If you represent a crew, show and prove, show and prove it  
If you got a big ride, learn to cruise, learn to cruise it  
If you wanna test this, learn to lose it
