

## Fade To White

Momus

In the slaughterhouse the Braw  
Puts down his bloody horror saw  
The lightning strikes the airliner  
Which crashes to the ground

Death's a sneak thief in the night  
And life is cheap is space is tight  
All the broken Daddy Longlegs  
Scattered on the ground

In the slaughterhouse the Braw  
Puts down his bloody horror saw  
In the end we fade to white  
La la la la la

Phoebus the Phoenician sails  
His longboat leaves a bloody trail  
Behind it flies a nightingale  
La la la la la
