Fade To White

Momus

In the slaughterhouse the Braw Puts down his bloody horror saw The lightning strikes the airliner Which crashes to the ground

Death's a sneak thief in the night And life is cheap is space is tight All the broken Daddy Longlegs Scattered on the ground

In the slaughterhouse the Braw Puts down his bloody horror saw In the end we fade to white La la la la la

Phoebus the Phoenician sails His longboat leaves a bloody trail Behind it flies a nightingale La la la la
