## Happy Jack

I'm not proud of what I've done Broke the rules up just for fun It's gotta be easier than what it was before

I could walk a million miles With nobody by my side It's gotta be easier than it ever was before So I'm walking out the door forever

So just wait till I'm far and out of sight You have your life I'll have mine. It's gotta be easier than what was before

I've got nowhere left to hide Feel this emptiness inside It's gotta be easier than it ever was before So I'm walking out the door forever

Couldn't ever bring myself to deceive But it's all the same to me It was never meant to be And I guess it'll be the same for everyone

So just wait till I'm far and out of sight You have your life I'll have mine. It's gotta be easier than what was before

Now there's nowhere left to hide Feel this emptiness inside It's gotta be easier than it ever was before So I'm walking out the door forever
