

# You Don't Want To Dance With Me

Monarchy

I have got to keep my distance  
The pounding of my heart can't be disguised  
I feel electrical resistance  
Oh how I want your touch, I want your touch

Hold all the crazy inside yeah  
Don't want to have to rewind no

How do I get you to feel what I feel for you  
I will hold on to you like a fool till my hands go blue  
But you don't want to dance with me  
You don't want to dance with me

I had pictures of you lying  
Underneath the cotton sheets with me  
I can see this dream is dying  
Give back your magic touch, your magic touch

Hold all the crazy inside yeah  
Don't want to have to rewind no

How do I get you to feel what I feel for you  
I will hold on to you like a fool till my hands go blue  
But you don't want to dance with me  
You don't want to dance with me

Stop don't make your decision  
On just this chance you disqualified me  
You stole my true ambition  
Got nothing left to gratify me

How do I get you to feel what I feel for you  
I will hold on to you like a fool till my hands go blue  
But you don't want to dance with me  
You don't want to dance with me
