

Take Me Away

Mondo Generator

Up too long
Escape light
All that I want is to feel right
I'm lost again, I don't care
Where's tomorrow?
It should be anywhere
All that I've got is everything
All that I've got is gone
Take me away, take me away from here
Take away, take it all dear
It's not you that I want
You'll never know what I need
Yes it's gone, all that I gave you
The nothing I had and everything is yours
Take me away
