

## Rock In The Rain

Money Mark

Wheels turn  
Every place I go the people burn it  
I just say no  
And in return  
I just tell them I'm a rock in the rain

People change  
Here I am, just a rock in the rain  
The world is always re-aranging  
And I don't know if I can  
I'm just a rock in the rain
