

All My Life

Money

I'm not ashamed of what I'm doing
But I'm ashamed of what I've done
I will meet you in the garden
That will grow when we are gone

All my life I've been searching for something
So I always end up, ended up with nothing
Time will tell
Hold me close and don't ever let me go

And I will make you into a movie
You'll play a statue in a park
I'll be the guy on the bench without money
Pass you by in the dark

All my life I've been searching for something
So I always end up, ended up with nothing
Time will tell
Hold me close and don't ever let me go
