

## Suicide Song

Money

One, two, three, four

I know some of us need it  
I know some of us need  
To turn the light into dark  
It's remarkable that some of us can't

This is your suicide song  
This is your...  
This is your suicide song, oh

I know some of us see it  
I know some of us need  
To turn our minds into one  
But that just ain't too much fun

This is your suicide song  
This is your...  
This is your suicide song, oh
