

## I'm Not Ready For It Jo

Moneybrother

I can tell from the look in your eyes  
Ain't no sleeping here tonight  
I see it for sure,  
You'll be walking right out on me  
And if begging is all that's left to do  
Here I go  
I'm not ready for it, Jo

We've had our problems, sure I know  
Instead of dealing with it, I just let 'em grow  
But I've been changing, I showed you I could  
Now, those changes ain't doing me any good  
Question, could it really be too late? No  
I'm not ready for it, Jo

I've had luck I know  
But now for sure,  
I need it bad  
You see, it seems it turned it's back on me

Joanna, it ain't over, this ain't right  
Think it over girl; just give it one more night  
If then baby, after all  
Your leaving is unavoidable  
I'll think of something then, but right now, No  
I'm not ready for it, Jo
