

# Cry

Monica

Give me your hand, boy  
Rest yourself  
Put your head on my shoulders  
I'll be your help  
I know everybody says that we can't be scared  
But you don't have to be strong right now, no  
You can shed a tear

So baby, cry  
If you want now, you can cry  
Put your pride aside  
Cuz it's just you and I  
Baby it's alright, you can go and cry

And it's okay  
I know it's hard  
Cuz it's never easy, no  
Lettin' down your guard  
But rest assured  
I'll always be here  
You don't have to worry, no  
Baby, shed a tear

So baby, cry  
If you want now, you can cry  
Put your pride aside  
Cuz it's just you and I  
Baby it's alright, you can go and cry

And I'll be there baby  
Baby, it's hardly breathing  
So let me do, do what I came for  
Came for, came for you and me  
I'll be there (I'll be)  
I'll be oh oh  
Baby, you can cry  
I said to put your worries aside  
Baby it's alright, you know you can cry  
You can come and cry
