

I Know

Monica

Ooooooh

Tryna get through, closer to you
This Shadow of doubt has made it so hard to.
But every day you tare away
a piece of the wall built around me,
baby I-I-I, I-I know.

Slowly, I'm believing what I'm seeing.
Suddenly, I'm trusting what I'm feeling, ohh.
This time this love ain't leaving me cold,
Cause I-I-I, I-I know.

You quiet the sound, of a heart that's still unsure.
You hold my hand, when I'm ready to run out that door.
And I-I-I, I-I know,
when I tell you, I love you, I mean it.

For the first time, I'm not afraid, I'm needing, you so.
And no matter, no matter what, I'm not leaving, you, no.
Cause I-I know, I-I know, I-I, I-I-I know.

So when I tell you, I-I love you, I mean every word,
and when you tell me, that you love me,
it's the sweetest shit I ever heard and oh
and I know you loving, no doubt.
I-I know, I-I know.

Finally got through, closer to you.
