

# Love All Over Me

Monica

Must not have been paying attention  
I stepped right on it didn't even notice how deep I was  
I went from the ground to the top of the cloud  
And now as I look down I see where I fell into your arms

Now I got love all over me  
Baby you touched every part of me  
Oh  
I got love all over me  
And I don't want to get it off  
I'm completely covered up in your love

Even my skin is changing oh  
I'm feeling warmer no more icy blue hearts for me  
You put the color back in my life  
And now where there was black and white  
you're becoming iridescent

Now I got love all over me  
Baby you touch Every part of me  
Ooh  
I got love all over me  
And I don't want to get it off  
I'm completely covered up in your love

Before your love baby I was muddy  
So deep with pain till you took it from me  
You showered me with a new beginning  
Now I'm clean  
Took me by surprise when you ran up on me  
I came to life baby in that moment  
You put your hands on my heart and baby  
now it beats

Now I got love all over me  
Baby you touch Every part of me  
Ooh  
I got love all over me  
And I don't want to get it off  
I'm completely covered up in your love
