

# All I Want

Monifah

Give you what you want  
Give you what you need  
Give you what you want  
Baby, give you what you need

Give you what you want  
Give you what you need  
Give you what you want  
Baby, give you what you need

Give you what you want  
Give you what you need  
Give you what you want  
Baby, give you what you need

Give you what you want  
Give you what you need  
Give you what you want  
Baby, give you what you need

I know it gets hard sometimes  
When you feel that you'll never find  
That one who will always be there  
When you need him there, that's all I want

All I want is someone nice  
To make me feel like paradise  
All I need is someone real  
Someone I can love, someone I can feel

Pure joy is what I'm longing for  
A love who has so much more  
Than what is already out there  
Baby, take me there and give me what I want

All I want is someone nice  
To make me feel like paradise  
All I need is someone real  
Someone I can love, someone I can feel

All ever wanted was love  
Who would be there through the good and bad  
He'd take a stand to be my man  
And that is all I want

All I want is someone nice  
To make me feel like paradise  
All I need is someone real  
Someone I can love, someone I can feel

All I want is someone nice  
To make me feel like paradise  
All I need is someone real  
Someone I can love, someone I can feel

All I want is someone nice  
To make me feel like paradise

All I need is someone real  
Someone I can love, someone I can feel
