

Nobody's Body

Monifah

Spoken:

Alright!

Mmm, ahh

Chorus:

I don't want nobody's body but for me

All I want is somebody to hold on to

I don't want nobody's body but for me

All I want is somebody to hold on to

Let me tell you

I've been searchin' high and low

Tryin' to find somebody

Who really understands my flow

Don't want nobody

Who's somebody else's body

I just want someone

Who's all about me

Chorus

Everyday and everynight

I often long for someone to treat me right

Lonely times are here again

But I have faith that better days will soon begin

And I get tired of somebody else's man holdin' me

I need a man who's single and free

Someone to call my own

To be there when I get home

To understand me and love me for me

Chorus x2

I don't want nobody's somebody

Hey, hey

I don't want nobody's somebody

Hey, hey

I don't want nobody's somebody

Hey, hey

I don't want nobody's somebody

Hey, hey

Chorus x5 'til fade
