

Artistic Suicide

Monkey Business

Dreams so stylized
(Do it)
Sweet as cyanide
(Do it)

I got to see a light
Gotta, gotta, got to do it
And push the rules aside
Got, got, got, got, got to do it
Come on, it's suicide
Never mind I got to do, do, do it, do it
I'm gonna cut deep inside
Never, never know
'Cause I'm not sure that
I can make, break the bounds

See a light
Gotta, gotta, got to do it
You push the rules aside
Got, got, got, got, got to do it
You know it's suicide
Never mind you got to do, do, do it, do it
It's gonna cut deep inside
You never, never know
'Cause you're not sure that
You can make, break the bounds

I think you're best
Can rest
Take,
Take it, take it tonight!
Your name's
In red
I hope this move is right
I think it's best
Good friend
A way that can make it alright
I think your doubt
Can grow
Electrically tonight

Your best
Can rest
Take,
Take it, take it tonight!
Your name's
In red
I hope this move is right
I think it's best
Good friend
A way that can make it alright
I think your doubt
Can grow
Electrically tonight

Dreams so stylized
(Do it)

Sweet as cyanide
(Do it)
Dreams so stylized
(Do it)
Sweet, kill, suicide
(Do it)
