

Branded
Straight up
Son of a gun
The way it has to be done
I am branded

Branded
Know my own desires now
The way it has to be done
Branded
Know all my desires now

Sweet like the sugar
When I hide
The way it's gotta be done
Sweet like the sugar
I am sold
We're on-line
I am alone and we're all together
I was trying to hide outside
But you pulled so hard
Did it suddenly
Leaning down on me
Now it's easy to see
Where it ends

Branded
Know my own desires now
The way it has to be done
Branded
Know my own desires now

Sweet like the sugar
When I hide
The way it's gotta be done
Sweet like the sugar
I am sold
We're on line
I am alone and we're all together
Now it's easy to read my mind
Show me things to find
So you're leading me
To my destiny
Tried to give up my seat
Not a chance
