

Harder Than Your Father

Monkey Business

So what's your point
I give you shelter shelter
Try to really get to know you
You give me paranoia
Stop acting like my mother
Get it right into your mind
You better understand
I wear the pants in this household
I don't care that you're the man
Who's running helter skelter
So do your best to please me
Till now you had it easy
'Cause my father's gone gone gone now
Harder than your father
