Monkey Business

I take it easy all the time
ever since I realized
life is little more
than rolling on the highway
I am not looking for
chances in the mandate
and when i get a bruise
I fix it with a Band-Aid

happy with my party
I am telling you daily
tell me will it start
ringing some bells
I will carry on
just how I like it
I will not become
somebody else
somebody else
somebody else

traffic may be slow
but I'm not trying
changing lanes at all
having a spell
flash your light away
turn on the siren
I will not become
somebody else
somebody else
somebody else
somebody else

I take it easy all the time...
somebody else
try to hang it on
somebody else
leading in the damn race
somebody else
try to hang it on
somebody else
leading in the damn race
