

# Kiss Me On My Ego

Monkey Business

Kiss me on my ego  
Ať netřu nouzi s bídou  
Kiss me on my ego  
Nebo to zabalim

If you cease to marvel  
I will sure unravel  
should I bother  
tell me why ay ay why

If you don't respect me  
Why should I be tryin  
I think soon it will be  
suicide time

Gazing on my navel  
I don't need to travel  
Still I am sure you see  
the light

I need your devotion  
like beach needs the ocean  
or it becomes a pile of  
sand

Mama dropped me  
head first down  
Papa said  
I will be fine
