

## Kit Bike

## Monkey Business

Tell me  
how far we will be travelling  
I just can't believe this  
I can't believe  
how much money will I shovel in  
I just can't believe this  
I can't believe  
Road sign  
says we are in Kathmandu  
I don't wanna go  
and I told you so

Did I overdose on superglue  
This is happening  
Always happening

Kit bike take me to Prague  
as long as your flimsy parts might hold us  
Kit bike  
take me to Prague  
and we will all get drunk like soldiers  
Kit bike  
take me to Prague  
as long as your flimsy parts might hold us  
Kit bike  
take me to Prague  
and we will all get drunk like soldiers

Searching  
for a proper landing zone  
Smells like victory  
satisfactory  
Turning  
over each and every  
stone  
Somewhere has to be  
pleasure factory  
on the Horn  
of Jericho  
Soon the walls  
will go  
River flows below  
just to catch some  
lovely bones  
Solve the mystery  
Changing history  
always
