

Michael Jackson is
..padesát

Saint
on the wall
do you believe in
he might fall

crease
slightly frayed
do you want to frame it
it's too late

eyes
in the haze
do you dare to know my
different face

charts
yesteryear
take a peek at the leader
it was clear

Michael Jackson is
...padesát

need for a scene
as your life belongs to
magazines

hide
on the stage
you do not really leave it
keep the wage

please
Billie Jean
I no longer want you
to come clean

wait
time will tell
if you end in heaven
or in hell

50 is not better time
it is not better
we are still waiting
we love you
