

## MJ Is 50

## Monkey Business

Michael Jackson is  
..padesát

Saint  
on the wall  
do you believe in  
he might fall

crease  
slightly frayed  
do you want to frame it  
it's too late

eyes  
in the haze  
do you dare to know my  
different face

charts  
yesteryear  
take a peek at the leader  
it was clear

Michael Jackson is  
...padesát

need for a scene  
as your life belongs to  
magazines

hide  
on the stage  
you do not really leave it  
keep the wage

please  
Billie Jean  
I no longer want you  
to come clean

wait  
time will tell  
if you end in heaven  
or in hell

50 is not better time  
it is not better  
we are still waiting  
we love you
