

## Monkey Town

## Monkey Business

I am talking about love

Do you like my money  
or do you like my sound?  
Will you love me baby  
or do you run around?

Hurry  
I am so tired  
Honey  
I want to treat you right  
Leaving for the Monkey Town  
So I can lose my frown

I am talking about love  
I am talking about you and I

Sorry  
I have to leave you  
I want to say I am sorry  
But I will heed the call despite  
I am taking all the chances  
Hairy  
I have to leave tonight  
Are you ready?  
There is no other way

I am talking about love  
I am talking about you and I
