

# Party Shit

## Monkey Business

Shake it for real

''  
Kicking the wheel of time  
''  
We have our own agenda  
''  
They always  
looking fine  
''  
So we can do a jam  
''  
Which I would never miss out  
''  
So what is going on  
''  
Just to enjoy the time  
''

Just what I'm looking for

Chorus:  
Play party shit  
Play party shit  
We are so happy

Play party shit  
Play party shit

Play party shit  
It's party shit  
We are so happy  
Play party shit  
Play party shit  
Right on time

We're foolin' over the sound  
We have our own agenda  
Let's groove tonight  
So much for looking around

It's only you and me  
So put your hands on me  
They'll never get us alive  
Just what I'm looking for
