

Who Killed My Libido?

Monkey Business

Won't be so easy to find
help me
who killed my libido?

you can tell I am not fine
what a downfall
much too much food or the wine
made me lame today
and the voice in my brain
has the last call
all the passion and heat
gone away

won't be so easy to find
help me
who killed my libido?
won't be so easy to find
help me
subliminal

now I can't entertain
just like I do
I gotta make it all mine
every way oh baby
you can tell I am in pain
was it voodoo
my god damn ex will deny
any blame
