

Just Because I Love You

Mono Inc.

You cried your dream in a big white pillow
You burned the bridge for a way back home
You sold your sin to a place called heaven
You searched for grit in a pile of stones
You're all I want
You're all I need
But I can't share you
Allay my love
Allay my greed
But in my arms she died
And her heart stopped beating here
Right here next to mine
Oh yes she died
With her eyes wide open
Why? Just because I love you
You saved it all for this one good minute
You smelled a rat when they looked at you
You broke the spell with a word in silence
You shared your gold with the only true
You're all I want
You're all I need
But I can't share you
Allay my love
Allay my greed
But in my arms she died
And her heart stopped beating here
Right here next to mine
Oh yes she died
With her eyes wide open
Why? Oh why? Just because I love you
